Winter 2016-2017

Monday, December 12, 2016 – Friday, March 17, 2017

CBE KIDS AFTER SCHOOL CENTER AT P.S. 39

Congregation Beth Elohim's After School Program at P.S. 39 offers children a wide variety of instructional classes and recreational activities in a safe and caring environment. We believe that each child develops at his or her own pace. Our program encourages children to express themselves and their creativity in a relaxed and enjoyable atmosphere. All program areas are supervised by a highly qualified staff.

The program operates on a trimester basis and is available to children from Kindergarten through Gr. 5.

Fall Term: Tuesday, September 13, 2016- Friday, December 9, 2016 (Classes begin September 19th)

Winter Term: Monday, December 12, 2016- Friday, March 17, 2017

Spring Term: Monday, March 20, 2017- Friday, June 16, 2017

The program is available on school days, Monday-Friday from 2:40-5:45. **Children will enroll and participate in one enrichment class per day** (see enclosed course descriptions for options). Families will have the option to register for additional child care at Beth Elohim on days the school is closed and during school vacations, for an additional fee. Pick up on these days will be at Beth Elohim.

Daily Schedule:

At dismissal time, teachers will escort students participating in the after school program to the cafeteria. Students will attend one enrichment session per day. The daily schedule for the program is as follows.

- 2:40-3:45- supervised outdoor play/choice time /snack provided by the program in the cafeteria *or* selected enrichment activity (for select classes on M, Th, F)
- 3:45- 4:45- selected enrichment activity **or** organized games/activities and homework help
- 4:45-5:45- selected enrichment activity **or** organized games/activities and homework help
- 5:45- 6:00- dismissal from the cafeteria

If your child is going to be absent or you need to make a change in your child's schedule, please contact us at pickup@cbebk.org.

Note: students using the SINGLE CLASS option will stay for their class only.

Late Pick-up Policy: If you are going to be late, please call (718)330-9310 ext. 1000 until 4:00 p.m. After 4:00 please call ext. 1001 and leave a message with the Safety Agent. If you are late more than three times in one month, we reserve the right to ask your family to leave the program.

Registration: New 5% Sibling Discounts are Available!

To register, please complete the **online** application form with payment at www.cbebk.org/afterschool. You can also find the application on the PS39 website. For a sibling discount, please fill out **one** online application form with payment for the first child and request a paper form for the second child from Martha Polacek (mpolacek@cbebk.org). Indicate a 1st and 2nd choice of activity on the application as enrollment is based on a **first come first serve** basis. Please note- if a class is under-enrolled, CBE may have to cancel that class section. Changes in class schedules are allowed to be made within the first two weeks of the term. Some of the courses offered through this program are held at the CBE site (Garfield and 8th ave)- please make note if you are selecting a class offered at this location as your child will need to walk to this location with CBE staff members and families will be required to pick up from that location.

Payment:

Full payment for each trimester is due at time of registration. If you need to discuss a payment plan, please contact Martha Polacek (mpolacek@cbebk.org). There will also be a one-time per year registration fee of \$75 for each child. This is a required fee for all participants regardless of the number of days or semesters attending. **Contacts:** Please contact Bobbie Finkelstein, CBE KIDS After School Director, (bfinkelstein@cbebk.org (718) 768-3814 ext. 210), Sarrah-Jeen Delly, Site Supervisor (sdelly@cbebk.org (929)-275-4807) or Karen Herskowitz, PS 39 Parent Coordinator (kherskowitz@ps39.org or (718)330-9310 ext. 1003).

- Four Days \$1,380
- Three Days \$1,220
- Two Days \$940
- One Day \$605
- Single Class (1 hr. only) \$465

Registration Fee \$75
(One time yearly fee)

Full payment for the Winter trimester is due at time of registration. If you need to discuss a payment plan, please contact Martha Polacek at mpolacek@cbebk.org. Thank You.

MONDAY

Gymnastics

This class is designed to help children become well-rounded gymnasts. A focus on graceful tumbling, strength, flexibility and more! Safety precautions are taken in all areas.

Gymstars

K-1st 3:45-4:45

2nd-5th 4:45-5:45

DIY Enchanted Mermaid Houses

Students will create their own inventive mermaid houses using clay, cardboard, shells, twigs, fabric, glitter and other materials. They will construct both the interiors and exteriors of each house designing and creating the wallpaper, rugs, furniture, lighting, window decorations, and accessories. They will also create their own tiny mermaids who will call these new places home.

Bev Silver

K-2nd 2:45-3:45

Kids Publish!

Students will use the writing process to conceptualize, write, illustrate and produce their own books. We will use games and activities to hone student's writing and storyboarding skills. Each student will learn to create a visual short story as a precursor to illustrating and designing their own book. At the end of the semester, we will print each student's book.

Bev Silver

3rd-5th 3:45-4:45

Kodu Play – CodeAdvantage

Class is limited to 8 students. Learn the building blocks of coding in a fun and interactive setting. This class balances detailed programming concepts with game design fundamentals. As the course progresses, kids start to imagine, plan and create their very own video game using all the great programming fundamentals they have learned. *There is an extra \$300 fee for this class.*

Instructor from CodeAdvantage

1st-2nd 2:45-3:45

GameMaker 101

Students will use strategy based board games to explore the use of role playing adventures; this class stresses critical thinking, logic and cooperation in developing their favorite heroes and/or villains. Students will invent and create their own board games.

German Barrales

3th-5th 3:45-4:45

TUESDAY

Yoga and Children's Story Telling

We collectively tell stories through physical storytelling, drama techniques and other creative expression formats. Each child has a part to play every week and stories are always new and exciting!

Paige Gottheim

K-1st 2:45-3:45

Yoga and Meditation

Our yoga program focuses on physical activity, breathing techniques and relaxation practices in every class. Enhancing flexibility and coordination, building strength and self-confidence, developing body awareness, cultivating focus, and encouraging quiet contemplation. Class is structured to balance individual expression and growth while building positive group dynamics and conscientious friendships.

Paige Gottheim

2nd-5th 3:45-4:45

Harry Potter: Chemistry for Kids

Join us at "Hogwarts" to make colorful, bubbling potions, slimy mixtures and misty vapors. Young wizards will explore the properties of mystery liquids, create a moving blue blob, make colors explode and use "dragon blood" to test acids and bases. They'll learn science ideas and processes in a playful environment while tying in age appropriate story lines from the early Harry Potter books.

Eileen Blank

K-2nd 3:45-4:45

Harry Potter: Advanced Wizardry Potions 2

This class for new and returning wizards builds an understanding of chemistry by comparing the magic spells of the Harry Potter books to scientific process. (i.e. is a "Transfiguration Spell" more like a physical or chemical reaction?). We'll test the properties of fantastical polymers like slime, gak and oobleck. We'll explore some traditions of the Hogwarts school by using quill pens to write with homemade ink, and make "Troll Buggers" which function as glue. We'll even take a visit to the "Leaky Cauldron" to have a taste of butter beer.

Eileen Blank

3rd-5th 4:45-5:45

Puppetry

Enter the fascinating world of shadow, stick, hand and papier Mache puppets. Explore different techniques of creation and the rich tradition of making puppets from all over the world using everyday materials to create your own characters.

Clare Walker

K-2nd 2:45-3:45

Open Studio: Mixed Media Art

An exciting experimental art class in a studio atmosphere. The students will be using various materials and media related to themselves, their world and interests. We will emphasize creativity and personal interpretation.

Clare Walker

3rd-5th 3:45-4:45

WEDNESDAY

Channel 39

Fractured Fairytales for first and second grades. Ever wonder what the three little pigs was thinking when they built a straw house? what made Jack decide to climb the beanstalk? How would you feel if a couple of kids came by and ate your house? Students will make short, funny videos based on fairytales. They will use the camera, write scripts, act, and learn basic editing.

Ron Littke
1st-2nd 3:45-4:45

Advanced Video Production -The Classics: Myths at the Movies.

What would happen if the characters from the myths were alive today? Would Orpheus be a rock star? Would Ulysses be visiting other planets on his way home? Would Zeus be a powerful CEO? Young filmmakers will make their own original video based on classic stories. Students will learn to use the video equipment as well as directing, acting, writing and editing.

Ron Littke
3rd – 5th 4:45 - 5:45

Cooking: Healthy Eating!

Is there a difference between an herb and a spice? What is a whole grain? Cooking classes take a healthy approach as children learn the connections between the food we grow and what we put on the table.

Semara Calhoun
K-1st 2:45-3:45
2nd-5th 3:45-4:45

Sewing

Learn how to sew by hand. Make various projects with fun fabrics and bright colors. Work at your own pace!

Nelly Agron
K-2nd 3:45-4:45
3rd-5th 4:45-5:45

Instructional Swim

(Students must be signed up for full day. Limited to 5 Students)

Students are taught fundamental Swimming skills including: breath control, kicking, and floating. Swim focuses on stroke and rhythmic breathing.

Parents must pick up at 5:45 p.m. at CBE
(274 Garfield Place corner of 8th Ave)

Skye Volkening
K-2nd 4:45-5:45
2nd-5th 3:45-4:45

BitsBots Basics

Your child will choose recyclables such as plastic bottles, cardboard and paper to create sculptures that when combined with littleBits, come to life and light up, twist, turn, buzz, blink and shake! Through the process of designing and building, your child will experience the practical and cultural possibilities of new inventions! LittleBits are simple electronic modules, each with specific functions, which can be snapped together magnetically to create large and elaborate circuits for prototyping and play. *There is an extra*

\$25 fee for this class. Koko-OpenSource

K- 2nd 2:45-3:45

Bit Bots and Bytes

BitBots and Bytes is a series of classes run with the use of found electronics, littleBits, LEDs, power sources (such as the sun), Arduino (an open-source electronics prototyping platform based on flexible, easy-to-use hardware and software) and batteries. Utilizing the electronics alongside recycled materials kids create contraptions, kinetic sculptures and creative objects that can move, make sound and light up! **Koko-OpenSource**

3rd-5th 3:45-4:45

THURSDAY

Circus Arts

Run away, join the circus and still be home for dinner! Learn tumbling, juggling, clowning, partner acrobatics, rope and plate spinning, clown makeup, human pyramids, and much more! This fun filled class allows youngsters to become circus stars!

Tanya Solomon
K-2nd 3:45-4:45

Clown Around!

Express your silly side with clown games, improv, and physical comedy. Students will learn to work in comic partnerships and to trust their own imaginations.

Tanya Solomon
3rd-5th 4:45-5:45

Tap Dancing

Tap shoes required

This class stresses the basics of tap. Students will develop combinations that are great to watch and delightful to hear. Boys are encouraged to join.

Lori Jorgensen
Beginner K-1st 2:45-3:45

Tap/Jazz

Tap shoes required

This class stresses the basics of tap. Students will develop combinations that are great to watch and delightful to hear. Boys are encouraged to join. In Jazz students will focus on across the floor movements, center combination work, beginner leaps and turns.

Lori Jorgensen
3rd-5th 3:45-4:45

Legos and Math!

Using the enjoyment of Legos, students will have a hands-on experience with geometry skill, patterns, shapes and improving number sense.

Miguel Gomez
K-2nd 3:45-4:45

Legos Tech

Students make small simple machines using set plans and create their own Lego world.

Miguel Gomez
3-5th 4:45-5:45

Fantastic Beasts and Where to Find Them

Newt Scamander's masterpiece comes alive in this approved class of Hogwart's School of Witchcraft and Wizardry. Students will create their own magical creatures from recycled material and paper mache, and learn how to care for them. Horklumps, Augery's and Puffskein's come alive in this magical art class.

Clare Walker
K-1st 3:45-4:45
3rd-5th 4:45-5:45

FRIDAY

Cooking: Fridays Treats!

See Wednesday's course description

Semara Calhoun

K-1st 2:45-3:45
