

# CBE KIDS

## After School Center at P.S. 39

Registration Information  
And Course Descriptions

*Winter 2017-2018*

*Monday, December 11 – Friday, March 16, 2018*

---

This activity is not sponsored or endorsed by the New York City Department of Education or the City of New York.

Congregation Beth Elohim's After School Program at P.S. 39 offers children a wide variety of instructional classes and recreational activities in a safe and caring environment. We believe that each child develops at his or her own pace. Our program encourages children to express themselves and their creativity in a relaxed and enjoyable atmosphere. All program areas are supervised by a highly qualified staff.

The program operates on a trimester basis and is available to children from Kindergarten through Gr. 5.

**Fall Term:** Monday, September 11, 2017- Friday, December 8, 2017 (Classes begin Wednesday, September 13<sup>th</sup>)

**Winter Term:** Monday, December 11, 2017- Friday, March 16, 2018

**Spring Term:** Monday, March 19, 2018- Thursday, June 14, 2018 (Friday, June 15, 2018 schools are closed)

The program is available on school days, Monday-Friday from 2:40-6 pm. **Children will enroll and participate in one enrichment class per day** (see enclosed course descriptions for options). Families will have the option to register for additional child care at Beth Elohim on days the school is closed and during school vacations, for an additional fee. Pick up on these days will be at Beth Elohim.

### **Daily Schedule:**

At dismissal time, teachers will escort students participating in the after school program to the cafeteria. Students will attend one enrichment session per day. The daily schedule for the program is as follows.

- 2:40-3:45- supervised outdoor play/choice time /snack provided by the program in the cafeteria *or* selected enrichment activity
- 3:45- 4:45- selected enrichment activity **or** organized games/activities and homework help
- 4:45-5:45- selected enrichment activity **or** organized games/activities and homework help
- 5:45- 6:00- dismissal from the cafeteria

If your child is going to be absent or you need to make a change in your child's schedule, please contact Sarrah-Jeen Delly at [sdelly@cbebk.org](mailto:sdelly@cbebk.org).

**Note: students using the SINGLE CLASS option will stay for their class only.**

**Late Pick-up Policy: If you are going to be late, please call (718)330-9310 ext. 1000 until 4:00 p.m. After 4:00 please call ext. 1001 and leave a message with the Safety Agent. If you are late more than three times in one month, we reserve the right to ask your family to leave the program.**

### **Registration: 5% Sibling Discounts Are Available!**

To register, please complete the **online** application form with payment at [www.cbebk.org/afterschool](http://www.cbebk.org/afterschool) . You can also find the application on the PS39 website. For a sibling discount, please fill out **one** online application form with payment for the first child and request a paper form for the second child from Lisa Wolf ([lwolf@cbebk.org](mailto:lwolf@cbebk.org)). Indicate a 1<sup>st</sup> and 2<sup>nd</sup> choice of activity on the application as enrollment is based on a **first come first serve** basis. Please note- if a class is under-enrolled, CBE may have to cancel that class section. Changes in class schedules are allowed to be made within the first **two weeks** of the term. Some of the courses offered through this program are held at the CBE site (Garfield and 8<sup>th</sup> ave.)- please make note if you are selecting a class offered at this location as your child will need to walk to this location with CBE staff members and families will be required to pick up from that location.

### **Payment:**

Full payment for each trimester is due at time of registration. If you need to discuss a payment plan, please contact Lisa Wolf ([lwolf@cbebk.org](mailto:lwolf@cbebk.org)). There will also be a one-time per year registration fee of \$75 for each child. This is a required fee for all participants regardless of the number of days or semesters attending. **Contacts:** Please contact Bobbie Finkelstein, CBE KIDS After School Director, ([bfinkelstein@cbebk.org](mailto:bfinkelstein@cbebk.org) (718) 768-3814 ext. 210), Sarrah-Jeen Delly, Site Supervisor ([sdelly@cbebk.org](mailto:sdelly@cbebk.org)) or Karen Herskowitz, PS 39 Parent Coordinator ([kherskowitz@ps39.org](mailto:kherskowitz@ps39.org) or (718)330-9310 ext. 1003).

**CBE KIDS AFTERSCHOOL CENTER**  
**CONGREGATION BETH ELOHIM AT PS 39**

**Winter Term 2017-2018 Registration**  
**Monday, December 11, 2017-Friday, March 16, 2018**

Dear After-School Families,

The Winter trimester begins on Monday, December 11, 2017. Do not delay on registering on line at [www.cbebk.org/afterschool](http://www.cbebk.org/afterschool) or on the **PS39 website** since some classes are limited in size.

**5% Sibling Discounts are available!**

For a sibling discount, please fill out **one** online application form with payment for the first child and request a paper form for the second child from Lisa Wolf ([lwolf@cbebk.org](mailto:lwolf@cbebk.org)).

If you have any further questions feel free to contact Bobbie Finkelstein at [Bfinkelstein@cbebk.org](mailto:Bfinkelstein@cbebk.org) or at

718-768-3814 ex 210

(CBE Temple Members should contact the After School Center Office for fees)

**Fees per term**

- Five Days      \$1,590
- Four Days      \$1,450
- Three Days     \$1,280
- Two Days       \$985
- One Day        \$635
- Single Class (1 hr. only) \$485

Registration Fee   \$75  
(One-time yearly fee)

Full payment for the Fall trimester is due at time of registration. If you need to discuss a payment plan, please contact Lisa Wolf at [lwolf@cbebk.org](mailto:lwolf@cbebk.org). Thank You.

This activity is neither sponsored nor endorsed by the New York City Department of Education or the City of New York.

## MONDAY

### Gymnastics

This class is designed to help children become well-rounded gymnasts. A focus on graceful tumbling, strength, flexibility and more! Safety precautions are taken in all areas.

**Instructors: Gymstars**

**K-1<sup>st</sup> 3:45-4:45**

**2<sup>nd</sup>-5<sup>th</sup> 4:45-5:45**

### Building and Structures

Designing and constructing 3D models of buildings, monuments and fantasy structures while learning basics of architecture. Creativity and imagination encouraged.

**Instructor: Bev Silver**

**K-2<sup>nd</sup> 2:45-3:45**

### Kids Publish!

Students will use the writing process to conceptualize, write, illustrate and produce their own books. We will use games and activities to hone student's writing and storyboarding skills. Each student will learn to create a visual short story as a precursor to illustrating and designing their own book. At the end of the semester, we will print each student's book.

**Instructor: Bev Silver**

**3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45**

### NORY Robots & Engineering

In NORY Robots and engineering, young innovators will follow the engineering design process to solve problems and build confidence. Each week children will design and create "make and take" projects that incorporate the theme of the day. Projects range from: structural engineering bridge building with wooden dowels to creating motorized contraptions, such as wobble and scribble bots. You've been recruited! Skills of creativity, problem solving and risk taking will be encouraged in this class.

**There is an extra \$80 fee for this class.**

**Instructors: NORY**

**K-2<sup>nd</sup> 2:45-3:45**

**3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45**

## TUESDAY

### Circus Arts

Run away, join the circus and still be home for dinner! Learn tumbling, juggling, clowning, partner acrobatics, rope and plate spinning, clown makeup, human pyramids, and much more! This fun filled class allows youngsters to become circus stars!

**Instructor: Tanya Solomon**

**K-2<sup>nd</sup> 3:45-4:45**

### Magic

Make things appear, disappear and all sorts of magical things! We will learn amazing tricks with everyday objects, and build secret devices. Basics of magical trickiness, including sleight of hand, misdirection, and optical illusion will be covered. Get ready to make your friends marvel, gasp, and laugh!

**Instructor: Tanya Solomon**

**3<sup>rd</sup>-5<sup>th</sup> 4:45-5:45**

### Harry Potter: Chemistry for Kids

Join us at "Hogwarts" to make colorful, bubbling potions, slimy mixtures and misty vapors. Young wizards will explore the properties of mystery liquids, create a moving blue blob, make colors explode and use "dragon blood" to test acids and bases. They'll learn science ideas and processes in a playful environment while tying in age appropriate story lines from the early Harry Potter books.

**Instructor: Eileen Blank**

**K-2<sup>nd</sup> 3:45-4:45**

### Mystery Adventures

Forensics: Everyone loves a mystery! Through solving a who-done-it, students are drawn into scientific inquiry. A series of mystery scenarios will be presented throughout the program; each one will focus on a different science concept and process to solve the crime.

**Instructor: Eileen Blank**

**3<sup>rd</sup> - 5<sup>th</sup> 4:45-5:45**

### Monsters, Animals, and Creatures

This class will include mixed media as well as a variety of materials. During the semester children will create a 3D model of their animal, creature and/or monster as well as a group mural.

**Instructor: Ronit Levin Delgado**

**K-2<sup>nd</sup> 2:45-3:45**

### Mask Making

Travel to new and mysterious cultures with this exciting class. Masks have been produced and used throughout history and by many different cultures. We will create and decorate two and three dimensional masks using a variety of media, Paper Mache, cardboard, recycled materials. Africa, Northwest Coast Native Americans and Japan are some of the places and cultures we will explore.

**Instructor: Ronit Levin Delgado**

**3<sup>rd</sup>-5<sup>th</sup> 4:45-5:45**

This activity is neither sponsored nor endorsed by the New York City Department of Education or the City of New York.

## WEDNESDAY

### Channel 39- Fractured Fairytales

Ever wonder what the three little pigs was thinking when they built a straw house? What made Jack decide to climb the beanstalk? How would you feel if a couple of kids came by and ate your house? Students will make short, funny videos based on fairytales. They will use the camera, write scripts, act, and learn basic editing.

**Instructor: Ron Littke**  
1<sup>st</sup>-2<sup>nd</sup> 3:45-4:45

### Channel 39- What's So Funny?

Students will learn the art and skills used to make an original comedy. They will explore various types of humor and they write, direct, perform, and edit an original video comedy.

**Instructor: Ron Littke**  
3<sup>rd</sup>-5<sup>th</sup> 4:45-5:45

### Cooking: Healthy Eating!

Is there a difference between an herb and a spice? What is a whole grain? Cooking classes take a healthy approach as children learn the connections between the food we grow and what we put on the table.

**Instructor: Semara Calhoun**  
K-2<sup>nd</sup> 2:45-3:45  
3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45

### Doll and Pillow Making

Explore making dolls stuffed and wrapped based on early American apple head dolls (only we will use model magic instead of dried apple for the head). Also have fun pillow making, weaving, decorating cloth in the manner of Adire Eleko (Nigeria).

**Instructor: Nelly Argon**  
K-2<sup>nd</sup> 2:45-3:45

### Sewing

Learn basic sewing techniques while creating a doll of your own design or a pillow or beanbag creature.

**Instructor: Nelly Argon**  
3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45

### Instructional Swim

*(Students must be signed up for full day. Limited to 5 Students)*

Students are taught fundamental Swimming skills including: breath control, kicking, and floating. Swim focuses on stroke and rhythmic breathing. **Parents must pick**

**up at 5:45 p.m. at CBE**  
**(274 Garfield Place corner of 8<sup>th</sup> Ave)**

**Instructor: Skye Volkening**  
K-2<sup>nd</sup> 4:45-5:45  
2<sup>nd</sup>-5<sup>th</sup> 3:45-4:45

### Yoga and Children's Story Telling

We collectively tell stories through physical storytelling, drama techniques and other creative expression formats. Each child has a part to play every week and stories are always new and exciting!

**Instructor: Paige Gottheim**  
K-2<sup>nd</sup> 2:45-3:45

### Yoga and Meditation

Our yoga program focuses on physical activity, breathing techniques and relaxation practices in every class. Enhancing flexibility and coordination, building strength and self-confidence, developing body awareness, cultivating focus, and encouraging quiet contemplation. Class is structured to balance individual expression and growth while building positive group dynamics and conscientious friendships.

**Instructor: Paige Gottheim**  
3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45

## THURSDAY

### PS 39 Mini Musical with Child's Play

Once Upon a Time with Child's Play NY- Join us as we go "Into the Woods" to reverse the curse of an enchantress, and connect the dots of our fairy tales through song and dance. Singing songs as Cinderella, Jack, and Little Red, we'll work together to climb beanstalks, wear glass slippers to a ball, and adventure to grandmother's house!

**There is an extra \$100 fee for this class.**

**Instructors: Child's Play NY**  
K-1st 2:45-3:45

### Shakespeare in Play with Child's Play NY: Acting on Imagination

Welcome to a theatre class that introduces kids to Shakespeare's dramatic masterpieces in a way that is accessible, enriching and fun! Students will learn the plots of famous plays and act out the salient points of character and through long-form improvisations. They will also commit to memory short passages and scenes from these Shakespeare's plays. This instills the children with cultural references from the wisdom of plays like, As You Like It, The Winter's Tale, and Hamlet that they will utilize for years to come. Games surrounding the characters and their incredible conflicts, desires and stories make the class an incredibly joyous exploration of both theater and Shakespeare.

**There is an extra \$100 fee for this class.**

**Instructors: Child's Play NY**  
2<sup>nd</sup> - 5<sup>th</sup> 3:45-4:45

### Tap Dancing

This class stresses the basics of tap. Students will develop combinations that are great to watch and delightful to hear. Boys are encouraged to join.

**Tap shoes required**

**Instructor: Lori Jorgensen**  
K-2<sup>nd</sup> 2:45-3:45

### Tap/Jazz

This class stresses the basics of tap. Students will develop combinations that are great to watch and delightful to hear. Boys are encouraged to join. In Jazz students will focus on across the floor movements, center combination work, beginner leaps and turns.

**Tap shoes required**

**Instructor: Lori Jorgensen**  
K-2<sup>nd</sup> 2:45-3:45  
2<sup>nd</sup>-5<sup>th</sup> 3:45-4:45

### Red, Blue, and Glue (Mixed Media)

Using found objects, buttons, seeds, fabric, and tissue paper, etc., children will create their own design fantasy) two and three dimensional works)

**Instructor: Ronit Levin Delgado**  
K-2<sup>nd</sup> 2:45-3:45

### Selfie! Who Am I?

Students will explore their identity through a variety of media and techniques. They will use photography, drawing and collage and objects from pop culture to help answer the question, "Who am I?"

**Instructor: Ronit Levin Delgado**  
3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45

## FRIDAY

### Cooking: Fridays Treats!

See Wednesday's course description

**Instructor: Semara Calhoun**

**K-2<sup>nd</sup> 2:45-3:45**  
**3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45**

### Instructional Swim

*(Students must be signed up for full day. Limited to 5 Students)*

Students are taught fundamental swimming skills including: breath control, kicking, and floating. Swim focuses on stroke and rhythmic breathing.

**Parents must pick up at 5:45 p.m. at CBE**  
**(274 Garfield Place corner of 8<sup>th</sup> Ave)**

**Instructor: Skye Volkening**

**K-2<sup>nd</sup> 3:45-4:45**  
**2<sup>nd</sup>-5<sup>th</sup> 4:45-5:45 (Intermediate)**

### Ice-Skating

This program is designed for students who want to learn ice skating. The instructional emphasis is on basic skating techniques & safety skills. Classes are for new skaters and advanced beginners. This is a 10-week class beginning December 15<sup>th</sup>. Sessions will take place at Lakeside in Prospect Park.

*There is an extra \$225 fee for this class. Parents must pick up at 5:45 at CBE Temple House. Limit 5 Students per class.*

### Jewelry 101

Children will be creative while exploring key math concepts such as one-to-one correspondence, pattern recognition and measurement. Children will make their own beads using recycled materials while focusing on color and texture. Great for improving skills in eye/hand coordination.

**Instructor: Nelly Argon**

**K-2<sup>nd</sup> 2:45-3:45**

### Fashion Design and Knitting

Design your very own clothing line. Work with a designer on all stages of the fashion process; draw your ideas, cut your patterns, choose a fabric, and make a miniature sample of your fashion line.

**Instructor: Nelly Argon**

**3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45**

### Build It!

Using Legos and other manipulatives, children will enjoy the hands on experience of creating patterns, shapes and improving their number sense. Imagination and creativity are needed for this class.

**Instructor: Yaliz Campos**

**K-2<sup>nd</sup> 2:45- 3:45**

### Kodu Plus – Coding Through 3D Video Game Design

Kids have a blast creating their own 3D video games and adventures while learning fundamental coding concepts such as loops, variables, and constructors. In this Game Design class, we combine a child's love of playing games with the ability to create those games through coding. Students create and personalize games such as Pac-Man, Space Alien invaders, and even get to create their own game from scratch! Coding allows kids to use critical reasoning, creative expression and logical thinking skills. This class does not require any prior computer/coding experience.

*There is an extra \$300 fee for this class.*

**Instructors: Code Advantage**

**3<sup>rd</sup> – 5<sup>th</sup> 4:45-5:45**

### Kodu Play – Coding through 3D Video Game Design

One of the best ways to get a child excited is to allow them to create something of their own. In this class, we enable young kids to make their own 3D adventures by using fundamental coding concepts. Children will take Kodu apple picking, program Kodu to play hide and seek, and even help Kodu find his way out of a maze! Students are encouraged to make the adventures their own by adding in their own ideas. Learning to code at a young age allows children to exercise critical thinking, creative expression, and apply logical reasoning.

**Instructor: Code Advantage**

**1-2<sup>nd</sup> 3:45-4:45**

### Game Maker 101

Students will use strategy based board games to investigate the use of roll playing adventures, critical thinking and cooperative working skills in developing best-selling games. Then they will invent and create their own board games.

**Instructor: German Barrales**

**3<sup>rd</sup>-5<sup>th</sup> 3:45-4:45**

This activity is neither sponsored nor endorsed by the New York City Department of Education or the City of New York.
